866-888-8213

You can make a difference!

We are currently seeking a qualified In-Home Supportive Services (IHSS) Instructor
Instructors are provided training, curriculum, tests, and materials.

Required Qualifications:

- Preferably RN; select LVN suitable.
- Prior teaching experience **not** required.
- A sensitivity to and understanding of the diverse academic, socio-economic, cultural, disability, and ethnic backgrounds of adult learners.
- Teach nursing fundamentals to students of culturally and linguistically diverse backgrounds, students in need of remediation and students with learning and physical disabilities.
- Commitment to professional growth and development as well as continued improvement of teaching.

In-Home Supportive Services

This is the crucial course that prepares students with the philosophy and skills to provide in-home care. Classes are taught in multiple languages.

Objectives: procedures for personal care, hygiene, nutrition, body mechanics, paramedical services, safety, infection, death and dying, Alzheimer's, activities of daily living, quality of life.

CPR/First Aid

These classes are the first step to prepare the provider to deal with unexpected problems.

Employment Placement Preparation

We work with students to develop them into competitive candidates.

Vocational English as a Second Language

With an emphasis on vocabulary and grammar, this course teaches workplace English skills.

Citizenship

We prepare students for the required exam to obtain US Citizenship.
